THINK TANK 2017

The Annual Think Tank at Butler University was a HUGE success. After we all got used to living like college students again, we settled in and enjoyed the experience. 14 countries were represented - Canada, China, Colombia, Cameroon, Denmark, Egypt, France, Germany, Mexico, Morocco, Saudi Arabia, Spain, Switzerland and the United States.

POLICY UPDATES

New International core workshop guidelines were introduced January 2017. Post workshop documentation should be sent to worksops@positivediscipline.org. When trainers submit their rosters, the PDA office will invoice the trainer \$35 per participant. Only participants included on these rosters are added to the PDA training database. This process assures we have accurate certification records worldwide. The PDA offers a free one-year Educator level membership after participants' first core workshop. Welcome letters are sent to participants in the language the workshop was facilitated. If you have questions about workshop policies and guidelines, please email workshops@positivediscipline.org.

If you are doing whole school or district wide school training, we are transitioning to providing a whole school module option for PDC's. Several options will be piloted this fall. Please contact Kelly Gfroerer at Kelly@positivediscipline.org for more information. ACT update: It is the current recommendation that all ACT applicants be an active member at the trainer candidate level for a minimum of one year prior to applying for a specific ACT. Please submit field experience documentation (using required PDA forms) as you complete your parenting classes and/or classroom work with students. All documentation should be sent to act@positivediscipline.org. If you have questions or need support please contact Kelly Gfroerer.
